	3	500KG	3M X 1.2M	1M
Oversize FULL	2	2000KG	2.44M X 1.22M	2.29M
	3	2000KG	3.65M X 1.22M	2.29M

- ✚ The maximum pallet size for a TL or LA surcharge is 1.52m x 1.22m x 2.29m.
- ✚ Any pallet size bigger than 3.65M X 1.22M needs to be agreed with one of our Customer Service team members.
- ✚ If the maximum pallet height of 2.29m is exceeded, then Customer Service should be notified in advance to ensure we can facilitate this.
- ✚ A full pallet weighing between 1250 – 2000kgs will be regarded as 2 spaces per pallet. **(FLT Delivery ONLY-TL not Available for this sized pallet)**
- ✚ The maximum size for a consignment manifested for delivery on a SV (7.5 tonne) vehicle is 4 pallet spaces with a maximum weight of 2,500 kilos for all four. **(Each pallet NO MORE Than 750KG)**
- ✚ An LA surcharge cannot be selected with the SV surcharge.
- ✚ All pallets will be deemed stackable unless you identify the pallet as Non-stackable by means of a sticker, do not stack tape or pallet cone & also a NS surcharge being selected on the job.
